PRZEDMOWA/FOREWORD	7
---------------------------	----------

Part I

PRACTICAL ANATOMY, PHYSIOLOGY AND PATHOLOGY FOR PARAMEDICS	11
---	-----------

Introduction	Planning to be a paramedic	13
Unit 1	The musculoskeletal system	22
Unit 2	The integumentary system	43
Unit 3	The cardiovascular system	62
Unit 4	The respiratory system	86
Unit 5	The gastrointestinal system	103
Unit 6	The nervous system	120
Unit 7	The genitourinary system	138

Part II

EQUIPMENT, DRUGS AND PROCEDURES	157
--	------------

Unit 1	Ambulance service	159
Unit 2	Immobilization	174
Unit 3	Restoring and maintaining the patency of the airways	190
Unit 4	Oxygen administration	203

Unit 5	Diagnostic and therapeutic equipment	219
Unit 6	Emergency medication	232

Part III

MEDICAL RESCUE ACTIONS	247
-------------------------------	-----

Unit 1	Patient assessment (1)	249
Unit 2	Patient assessment (2)	263
Unit 3	Patient presentation	273
Unit 4	Adult basic life support and other resuscitation algorithms	282
Unit 5	Evaluation and management of burns	302
Unit 6	Triage	312

Part IV

FROM THEORY TO PRACTICE	327
--------------------------------	-----

Unit 1	Road traffic accidents	329
Unit 2	Cardiopulmonary emergencies	346
Unit 3	Diabetes-related emergencies	362
Unit 4	Neurological emergencies	377
Unit 5	Obstetric and gynaecological emergencies	391
Unit 6	Paediatric emergencies	406
Unit 7	Mass-casualty incidents	427
Appendix 1	Answer key	439
Appendix 2	Audioscripts	461
Appendix 3	A glossary of important terms	479
Appendix 4	English-Polish wordlist	495
Appendix 5	Słowniczek polsko-angielski	508
Appendix 6	Common medical abbreviations, acronyms, mnemonics & symbols	526
